NEW CAROLINA BANK BUILDING.  
COLUMBIA, S. C.

President of the association has accepted a position that will to a great extent keep him absent from his home but under no circumstances should this throw a damper upon the efforts of the able, General Superintendent or other officers. The three counties elected these gentlemen knowing quite well their ability and will beyond a doubt hold them responsible if the coming Fair should in any way turn out anything but what it should in every respect.

There is a great amount of hard work to be done and even at this time it is not one minute too early to start the preliminary wheels moving so that at the opening of Spring everything will be in readiness for the work to begin such as getting the ground in shape, buildings erected, fences built and many necessary arrangements to numerous to mention. Are we going to make our Tri-County Fair a dismal failure from the lack of interest? or a grand achievement for the three counties and to show the outside world what resources we have.

**MONEY PLINY IN THE SOUTH.**

It is a fact indicating the changed conditions in the South in recent years that, individually, the farmer can hold his cotton without outside aid. He has the money to do it. He has plenty to eat and wear and can pay his debts. He has forgotten how it feels to be squeezed by a mortgage. It is further significant that when he undertakes an organized movement to hold his cotton and make the effect felt upon the market the bankers and business men of the South come forward with an offer of money to help him perfect and maintain his organization. Times have greatly changed in the South and the primary cause is the cotton mill. It has given the farmer a home-market for his staple and at good prices and the cotton mill settlement has given him a profitable market for his farm and garden products. Some farmers now make a good living off the cotton mill settlements alone for there they always have a call for their produce and the operatives have the money to pay for it. It is interesting to contrast conditions in the South when the mills and factories were few and far between with the present time when they have multiplied and are contributing to the prosperity of every Southern State. In Birmingham a few days ago a large bank building was pointed out to us. "In that one building," said our friend, "there is at this moment \$6,000,000 in surplus capital stored up"—and there are a few other banks, too, in that town. This is a reflection of conditions in all Southern cities. The time has come to pass when the South is able to finance itself and at the same time to lend money to the North.—Charlotte Evening Chronicle.

### ITCHING PILES.

Cured to stay Cured.

Tannopline Ointment is a certain and quick cure for blind, itching, bleeding and protruding piles. The first application gives instant and complete relief, and a cure speedily follows. Not an experiment, but a remedy tried and tested without a failure in hundreds of the worst cases.

Tannopline Ointment

is sold with an absolute guarantee. Our confidence in this remedy is unbounded. Hundreds of voluntary testimonials to its wonderful virtues. Easy and convenient to use. Upon being applied it exerts a cooling, healing and astringent effect that takes away every evidence of discomfort at once. Costs a little more than many so-called "Pile Cures," but worth many times the difference.

Price \$1.00. Guaranteed satisfactory to every purchaser.

AT DRUG STORES.

Prepared by the Murray Drug Co., Columbia, S. C.

### No Longer an Experiment.

Southern Life Insurance is no longer an Experiment; the Money is here in 1905, and also the brains and every other thing that takes to make a success of business, and the Southern Life and Trust Company to Greensboro, N. C.

Now is the time to guard the health and strength of the lungs. The best remedy to use for coughs and colds is Bee's Native Honey and Tar. The only cough syrup that does not constipate the bowels, but which on the other hand, expels all cold from the system by acting as a pleasant laxative. Best for coughs, colds, croup, whooping cough, etc. Sold by Timmons Bros.

It's a sound sense that we tell you.

Your work costs less dollars and is best every time you use the L. & M. Paint.

You do more painting with one gallon of L. & M. than with two gallons of other paints and the L. & M. Zinc hardens the L. & M. White Lead and makes the L. & M. Paint wear like iron.

4 gallons L. & M. mixed with 3 gallons Linseed Oil will paint a moderate sized house.

L. & M. costs only \$1.20 per gallon.

A. T. Terrell, Riverhead, N. Y., writes, "16 years ago painted with L. & M. Only now requires repainting."

Sold by Holman-Cullum Hdw. Co., Batesburg, S. C.

Subscribed to The Advocate.

One Of The Results

of liberally using our fertilizers, is to pay off a mortgage on the old farm. Read the following from Messrs. W. H. & Son, owners of the Macnolia Fruit Farm, Durant, Miss.: "We made \$300 from one acre strawberries, on which your fertilizers were used. Eight years ago we bought this place at \$30 per acre. It was then considered to have been worn out twenty years before, but by liberally using

Virginia-Carolina Fertilizers we can now grow almost anything, and have been offered \$300 per acre for the place. We experimented with a great many brands of fertilizers, but find the highest per cent. cheaper." Now don't you think Virginia-Carolina Fertilizers would enable you to pay off a mortgage if you had one? Well, don't use any other.
